

PBIS Assessment: Using Survey Tools to Guide PBIS Implementaton Fidelity

OR Rtl Conference 2018

April 25-27, 2018

Eugene Hilton

Eugene, Oregon

Presenter

Bert Eliason

Research Associate

training@pbisapps.org

PBISApps is run by Educational and Community Supports (ECS), a research unit at the University of Oregon since 1977. Lead by Kent McIntosh, PhD, ECS focuses on federal and state funded projects supporting research, teaching, and technical assistance through the PBIS OSEP Technical Assistance Center.

OSEP TECHNICAL ASSISTANCE CENTER

SCHOOL FAMILY COMMUNITY TRAINING RESEARCH **EVALUATION**

Funded by the U.S. Department of Education's Office of Special Education Programs (OSEP), the Technical Assistance Center on PBIS supports schools, districts, and states to build systems capacity for implementing a multi-tiered approach to social, emotional and behavior support. The broad purpose of PBIS is to improve the effectiveness, efficiency and equity of schools and other agencies. PBIS improves social, emotional and academic outcomes for all students, including students with disabilities and students from underrepresented groups.

Effective Evaluation within PBIS

Determines impact of systems and practices

- Stakeholders and Environments

Documents the extent to which we are

- Meeting goals
- Using appropriate activities
- Implementing as intended
- Generating evidence for:
 - Replicating
 - Sustaining
 - Improving implementation

PBIS Forum 17 Practice Brief: Evaluation Within PBIS Implementation

PBIS Leadership Forum- *Roundtable Dialogue*

December 2017

This practice brief is intended to be a practical tool and resource for educators interested in evaluating Positive Behavioral Interventions and Supports (PBIS) implementation. Updates to lessons learned, core features, evaluation measures, the evaluation process, and needs included in this practice brief were drawn from sessions and presentations focused on evaluation within PBIS implementation at the 2017 PBIS Leadership Forum in Chicago.

Rationale

The purpose of evaluating PBIS implementation is to determine the impact that systems and practices have on students, educators, and school environments. Effective evaluation documents the extent to which the implementation process is meeting its goals, using appropriate activities, being implemented as intended, and succeeding in a manner that is generating evidence suitable for replicating, sustaining, and improving the program (Algozzine et al., 2010).

Lessons Learned

There continues to be a shift in evaluation within PBIS implementation. In the past, there has been an emphasis on large scale, multi-measure, broad evaluation often requiring considerable time and personnel. Current evaluation practices focus on targeted evaluation and the use of more efficient evaluation tools. Evaluation has also shifted from evaluation as observation to evaluation being an active part of the implementation process. This more active process includes the collection and interpretation of evaluation data and the development of an action plan - all linked to the original driving questions developed by the school, school team, or derived from the Evaluation Blueprint for SWPBIS (School-wide PBIS) (Algozzine et al., 2010).

Along with PBIS evaluation being an active process, there is a renewed emphasis on making PBIS evaluation and reporting practical. In this light, the primary focus of evaluation is not to evaluate to submit results to district or state level leadership or teams; instead, the focus is on making evaluation an integral part of the PBIS implementation process (Horner & Olsen, 2017). When the mantra for PBIS evaluation becomes "this is just what we do", evaluation becomes more practical and sustainable; and these practices contribute to improved evaluation and increased reporting of school, district, and state level outcomes (Putnam, Sellon, & Weise, 2017).

Lessons Learned:

Simply completing measures to evaluate PBIS is insufficient!

To increase effectiveness, sustainability and accountability...

- Evaluation should be done with **coaching!**
- Results must be used for
 - **Intentional action planning**
 - **Program improvement!**

PBIS Forum 17 Practice Brief: Evaluation Within PBIS Implementation

PBIS Leadership Forum- *Roundtable Dialogue*

December 2017

This practice brief is intended to be a practical tool and resource for educators interested in evaluating Positive Behavioral Interventions and Supports (PBIS) implementation. Updates to lessons learned, core features, evaluation measures, the evaluation process, and needs included in this practice brief were drawn from sessions and presentations focused on evaluation within PBIS implementation at the 2017 PBIS Leadership Forum in Chicago.

Rationale

The purpose of evaluating PBIS implementation is to determine the impact that systems and practices have on students, educators, and school environments. Effective evaluation documents the extent to which the implementation process is meeting its goals, using appropriate activities, being implemented as intended, and succeeding in a manner that is generating evidence suitable for replicating, sustaining, and improving the program (Algozzine et al., 2010).

Lessons Learned

There continues to be a shift in evaluation within PBIS implementation. In the past, there has been an emphasis on large scale, multi-measure, broad evaluation often requiring considerable time and personnel. Current evaluation practices focus on targeted evaluation and the use of more efficient evaluation tools. Evaluation has also shifted from evaluation as observation to evaluation being an active part of the implementation process. This more active process includes the collection and interpretation of evaluation data and the development of an action plan - all linked to the original driving questions developed by the school, school team, or derived from the Evaluation Blueprint for SWPBIS (School-wide PBIS) (Algozzine et al., 2010).

Along with PBIS evaluation being an active process, there is a renewed emphasis on making PBIS evaluation and reporting practical. In this light, the primary focus of evaluation is not to evaluate to submit results to district or state level leadership or teams; instead, the focus is on making evaluation an integral part of the PBIS implementation process (Horner & Olsen, 2017). When the mantra for PBIS evaluation becomes "this is just what we do", evaluation becomes more practical and sustainable; and these practices contribute to improved evaluation and increased reporting of school, district, and state level outcomes (Putnam, Sellon, & Weise, 2017).

- An action plan is created to ensure adequate implementation of the tasks and strategies.
- Action plans show everyone –
WHO will do WHAT by WHEN
- Action plans that are published –
Help create accountability

[SWIS Suite Global Edition](#)
[Getting Started With...](#)

[PBIS Assessment](#)

[PBIS Evaluation](#)

Overview

PBIS Assessment is a web-based application designed to assist in high-fidelity, sustained implementation of school-wide positive behavioral interventions and supports (SWPBIS). A major feature of SWPBIS is the commitment to ongoing assessment of implementation. PBIS Assessment provides surveys for teams to take as they examine their level of SWPBIS adoption and guides them through the process for how to improve implementation to benefit students, their families, and the overall school culture. Surveys are completed online with reports immediately available as soon as a survey is submitted.

District coordinators use PBIS Assessment to determine which schools are collecting and using data, how schools are progressing, and what support may be of greatest value for any one team. It also allows them to coordinate when teams will take surveys to align with the [district's evaluation plan](#).

PBIS Assessment improves the efficiency and accuracy with which surveys can be used to complete four purposes:

1. Initial assessment of discipline practices to determine how SWPBIS should be adopted.
2. Implementation assessment of the fidelity with which schools use SWPBIS procedures.
3. Sustained assessment of SWPBIS implementation at all three tiers to promote ongoing use of core SWPBIS features.
4. Assist in designing action plans to improve implementation fidelity.

School Login Codes are Now Survey Links

School codes have been replaced by survey links in PBIS Assessment 2. If you are a respondent, please contact your PBIS Coordinator for your link. If you are a coordinator and need to know how to add users or send out links please take a look at the video series link above. The videos in order of appearance are: Manage Multiple Response Surveys, Add Users, and Edit Users.

Local Assessment Coordinator

- Webinar
- Videos

Local Coordinator Information Form

Getting PBIS Assessment

Step 1: Identify the Coordinator Role

Each school subscribing to PBIS Assessment starts by connecting with a [local PBIS Assessment coordinator](#). The coordinator is trained in the use of PBIS Assessment and how to administer all of the surveys. Contact one today to get started with PBIS Assessment.

If there isn't a coordinator near your school, we encourage you to identify someone within your district to become a coordinator. In this role, coordinators agree to:

1. Assist schools/districts/states to develop an evaluation plan for assessing the fidelity of PBIS implementation.
2. Schedule times for schools to conduct surveys.
3. Enter survey data for the SET and/or ISSET.
4. Train school personnel how to enter survey data including the TFI, TIC, SAS, BoQ, ECBoQ, SSS, MATT, and BAT.
5. Coach school teams how to use data from PBIS Assessment for decision making and action planning.

If you or someone from your district is interested in becoming a PBIS Assessment coordinator for your school, complete the [Local Coordinator Information Form](#) and submit the form to accounts@pbisassessment.org.

Licensing?

PBIS Assessment is *free* for every school interested in collecting survey data for their building. There is no license agreement required to activate your PBIS Assessment account. Simply contact your coordinator and ask to get started with PBIS Assessment.

City and State:	Fax: <i>(if different than employer)</i>
Zip:	
Email:	Preferred password: <small>*If you are a SWIS Facilitator (or have SWIS access) leave this blank</small>

• **Email:** Local Coordinator *must* have an email address. This will be used as your login name.
 • **Preferred password:** Passwords must be between 8-15 characters, contain at least one uppercase letter and at least one numeric character. The password can have special characters.

PBIS ASSESSMENT

Local Coordinator Information Form

Districts for which you will be serving as PBIS Assessment Coordinator. <i>(Note: If you will be working with all the schools within the district, only list the district name)</i>	Schools in the district you will be conducting surveys for (initially)

Local PBIS Coordinators agree to use PBISassessment.org to:

1. Assist Schools/Districts/States to develop an evaluation plan for assessing the fidelity of PBIS Implementation
2. Schedule times for schools to conduct surveys
3. Train school personnel on entering survey data (e.g. SET, TIC, Ba-Q, BAT, SAS and SSS) with their PBIS Coach.
4. Ensure that school teams receive training/orientation on using data from PBISassessment.org for Decision Making and Action Planning

I agree to use www.pbisassessment.org as outlined above:

_____ Name (Coordinator signature) _____ Date

“Never initiate an intervention without having a plan for evaluating the implementation of that intervention.”

Robert Horner

1. To what extent was SWPBIS implemented as it was designed? (*consider the evidence-based components*)
2. To what extent was SWPBIS implemented with fidelity? (*are the adults doing their part*)

Are we doing what we said we would do?

Does your district or school currently have a PBIS implementation evaluation plan?

Find Out More About Surveys

School-wide Evaluation Tool (SET)

The SET (PDF) is a research tool designed to assess and evaluate the critical features of School-Wide PBIS (SWPBIS). It should be used in conjunction with other surveys and measures to create a complete picture of your school's SWPBIS implementation status. Information gathered during the SET can be used to:

1. Assess features in place
2. Determine
3. Evaluate
4. Determine
5. Co

A trained SET survey. It takes interview the from the adm the evaluator SWPBIS pract score is deter review.

Who: When school teams want an outside evaluation of Universal (Tier 1) SWPBIS implementation, the SET is recommended. The SET is a research tool used for grant and project evaluation, as well as providing schools with information on SWPBIS implementation. Coordinators enter SET scores in PBIS Assessment on behalf of the school. Both

Team Implementation Checklist

The TIC (RTF) is a progress monitoring tool used to assess Universal (Tier 1) implementation. Teams using the TIC will be able to:

- Examine their Tier 1 implementation fidelity – Are we doing what we said we would do?

Who: School teams at the beginning of SWPBIS implementation will opt to use the TIC to assess Universal (Tier 1) implementation. School teams complete the TIC. Coordinators and school teams can enter TIC results in PBIS Assessment.

For a survey to be included in PBIS Assessment, it must:

- Be reliable and evidence-based
- Be consistent across all states
- Meet the needs not duplicated by another survey currently in use

Self-Assessment

The SAS (RTF) identify the st improvement and individual in identifying

When: Once a school and all participants have had a chance to take the survey, PBIS Assessment summarizes the individual responses providing a summary available to view the next day.

When: Annually

eight people from Tier 1, complete the coordinators

initial d or fourth nes may

Tiered Fidelity Inventory

Tiered Fidelity Inventory

The [TFI \(PDF\)](#) is based on earlier PBIS TIC, SAS, BAT, MATT). The TFI gives teachers a valid, reliable survey to guide implementation of SWPBIS. Using the TFI, teams measure how school personnel apply the core features of SWPBIS – either individually or collectively. The TFI is used as:

- An initial assessment to determine the need for SWPBIS
- A guide for implementation of SWPBIS practices
- An index of sustained SWPBIS implementation
- A metric for identifying schools for their state implementation efforts

Supporting Materials

Tools

Which tools answer your district/schools' evaluation questions?

Timeline

When and how often will you administer the tool(s)?

Reporting

How and how often will you report results to schools and to the district?

Decisions about Evaluation Tools

Type of Tool	Note	Tools Available in PBIS Assessment	
		Tier I	Tier II/ Tier III
Annual Assessment	Minimum Standard	TFI, BoQ, ECBoQ, SAS, School Safety Survey, School Climate Survey	TFI, BAT
Progress Monitoring	Highly Recommended	TFI, TIC	TFI, MATT
Research Tool	Usually optional	SET	ISSET

Additional Considerations

In which phase(s) of implementation are your schools/sites?

Does your district/school need to evaluate Tier I, Tier II, Tier III, or all three?

District Examples: Evaluation Plans

Scenario

- Newly implementing SWPBIS
- Grant requires specific research tools in addition to standard fidelity monitoring

Evaluation Questions

- What is our baseline and progress through the year?
- Are we improving on our implementation of PBIS?
- How do individual staff members rate implementation
- Are our self-assessments consistent with data from outside evaluators?

District A: Evaluation Plan

Measure	Year 1			Year 2			Year 3		
	Fall	Winter	Spring	Fall	Winter	Spring	Fall	Winter	Spring
TIC	X	X	X	X	X	X	X	X	X
SET	X		X			X			X
SAS	X		X			X			X
Safety	X		X			X			X
Climate		X			X			X	

District A: Evaluation Plan

Measure	Year 1			Year 2			Year 3		
	Fall	Winter	Spring	Fall	Winter	Spring	Fall	Winter	Spring
TFI T1	X	X	X	X	X	X	X	X	X
TFI WT	X		X			X			X
SAS	X		X			X			X
Safety	X		X			X			X
Climate		X			X			X	

Scenario

- Implementing SWPBIS for three years
- Previously used TIC and SET but consistently over 80%

Evaluation Questions

- In what specific areas in PBIS are we strong, and in which areas do we need more training?
- Are we improving on our implementation of PBIS?
- How do staff members rate our PBIS implementation?
- How is our implementation of Tiers II & III?

District B: Evaluation Plan

Measure	Year 1			Year 2			Year 3		
	Fall	Winter	Spring	Fall	Winter	Spring	Fall	Winter	Spring
MATT	X	X	X	X	X	X	X	X	X
BoQ			X			X			X
SAS	X			X			X		
Climate		X						X	

Scenario

- Implementing SWPBIS for five years as a district
- Some schools doing well, others not making progress
- Previously attempted to standardize tools for all schools

Evaluation Questions

- Which schools are not meeting the SET benchmark?
- In what specific PBIS areas are we strong, and in which do we need more training?
- How can we tailor our training & evaluation to meet the needs of various schools?
- Are we improving on our implementation of PBIS?
- How do staff members rate our PBIS implementation?

District C: Evaluation Plan (Cohort 1)

*Schools
doing well*

Measure	Year 1			Year 2			Year 3		
	Fall	Winter	Spring	Fall	Winter	Spring	Fall	Winter	Spring
MATT	X	X	X	X	X	X	X	X	X
BoQ	X			X			X		
SAS		X			X			X	
Climate		X			X			X	

District C: Evaluation Plan (Cohort 2)

*Schools not
doing well*

Measure	Year 1			Year 2			Year 3		
	Fall	Winter	Spring	Fall	Winter	Spring	Fall	Winter	Spring
TIC	X	X	X	X	X	X	X	X	X
SET	X			X			X		
SAS		X			X			X	
Climate		X			X			X	

Scenario

- District wants to bring RtI Social Behavior and Academics together to create one evaluation plan

Evaluation Questions

- In what specific PBIS areas are we strong, and in which areas do we need more training?
- In what specific academic areas are we strong, and in which areas do we need more training?
- How can we tailor our training/evaluation to meet the needs of various schools?
- How can we schedule our evaluations so that we are not overwhelming schools?

District D: Evaluation Plan *(Nieves, 2012)*

Measure	Year 1			Year 2			Purpose
	Fall	Winter	Spring	Fall	Winter	Spring	
TIC	X	X	X	X	X	X	Fidelity
SAS	X			X			Fidelity
Safety		X			X		Outcomes related to protective & risk factors
SET			X			X	Fidelity
AimsWeb	X	X	X	X	X	X	Screening/ Progress Monitoring
SAT 10			X			X	Summative Evaluation
DIBELS	X	X	X	X	X	X	Screening/ Progress Monitoring

Scenario

- Newly implementing district
- Working on building staff buy-in and monitoring initial progress toward PBIS implementation
- District has adopted TFI

Evaluation Questions

- What is our baseline at Tiers I, II, and III; and what is our progress through the year?
- Are we improving our implementation of PBIS?
- How do individual staff members rate our implementation?
- Are our self-assessments consistent with data from outside evaluators?

District E: Evaluation Plan

Measure	Year 1			Year 2			Year 3		
	Fall	Winter	Spring	Fall	Winter	Spring	Fall	Winter	Spring
TFI	T1	T1	T1			T1			T1
TFI	T2		T2	T2	T2	T2	T2		T2
TFI	T3		T3			T3	T3	T3	T3
SAS	X		X			X			X
Climate		X			X			X	

Tiered Fidelity Inventory

In district-wide assessment,
planning for it is all about

CONTEXT

*Your settings,
your needs!*

- Which surveys are your districts/schools currently using?
- Do your surveys answer the evaluation questions:
 - Are we implementing SWPBIS as it was designed?
 - Are we implementing SWPBIS with fidelity?
- Do your surveys assess the tiers you are implementing?
- Do you want to assess all tiers of PBIS implementation?

- Do you need a research tool?
- Are you “topping out” of the surveys you currently use?
- Do you need to customize your evaluation plan for the schools, or will one evaluation plan fit for all schools?
- Is your evaluation plan manageable for schools?
- Is there more survey information that we need?

[PBISApps.org](https://pbisapps.org) > [PBIS Assessment](#) > [Find out More about Surveys](#)

Session Summary Statements

- Evaluation is an integral part of PBIS!
- Annual assessment is only a minimal effort!
- Progress monitoring is additionally important!
- Assessments should be used to inform an action plan!
- PBIS Assessment is a free tool designed to assist in high-fidelity, sustained implementation of school-wide PBIS!

Will your district/
team be able to
develop or revise
your PBIS
implementation
evaluation plan?

Evaluation Reports

Basic Report Content

- Context
- Inputs (tools, resources, data sources)
- Impact on SWPBIS Fidelity
- Impact on Student Outcomes
- Implications for the Future

(PBIS Evaluation Blueprint, 2010)

- Define SWPBIS
- Define goals of the specific project
- Define stakeholders
- Identify evaluation questions

Who received what support and from whom?

- District Leadership Team
- Local Capacity Building
 - Training, Coaching, Behavioral Expertise, Evaluation
- School Teams

District Team

- SWPBIS District Leadership Team Self-Assessment - pbis.org
- District Capacity Assessment - sisep.org

Capacity Development

- Number of Tier I trainers/coaches available
- Number of Tier II and Tier III behavioral experts available
- Evaluation Capacity

School Team

- Tier I (TFI, TIC, BoQ, SAS, SET)
 - Collectively
 - By Training Cohort
 - By Individual School
- Tier II/Tier III (TFI, MATT, BAT, SAS, ISSET)
 - Collectively
 - By Training Cohort
 - By Individual School

Behavior

- Discipline Referrals
- Suspension/
Expulsion
- Attendance
- Drop/out Graduation
- Disproportionality
(ODRs, suspension &
expulsion)

Academic

- Curriculum-based
measures (CBM)
*Oral Reading Fluency,
DIBELS, AimsWeb*
- Standardized
Measures
*State & National
math, reading,
science, writing
assessments*

Environment

- School Climate Survey
*Elementary
Middle/High*
- School Safety Survey
*Protective Factors
Risk Factors*

Impact Summary

- Overall advances to-date
- Areas of strength
- Areas for potential improvement
- Areas in need of adaptation

Implications

- Plans for the next 3-5 years
- Specific plans for improvement or adaptation
- Narrowing future evaluation questions

During the 2014-2015 school year, Florida's PBIS Project worked with 14 out of 67 or 81% of Florida's school districts.

42% of trained districts in Florida have trained at least 50% of the schools in their district. Only 17% of districts have trained less than 20% of the district schools.

Of the 1723 trained schools, 1504 (87%) were active in the 2014-2015 school year.

On a scale of 1 to 6 with 6 being best, all elements of training have consistently been rated 5 or higher.

The Self-Assessment Survey (SAS) has long been considered a reliable and valid self-reporting measure that can help guide self-assessment and action planning by school level teams. More recently, the SAS has proven to be a reliable predictor of sustainable implementation of SW-PBS (McIntosh, et al., 2010). Numerous Missouri schools volunteered for and participated in the sustainability research of McIntosh and colleagues.

13-14 Self-Assessment Survey By Component & Recognition Level

When sorting SAS outcomes across the survey subscales of Schoolwide, NonClassroom, Classroom and Individual as well as by MO SW-PBS recognition/implementation fidelity levels, the data suggests that as schools demonstrate fidelity of implementation the perceptions of staff and other stakeholders regarding implementation increased.

EXAMPLE SCHOOL

Positive Behavioral Interventions & Supports (PBIS) Annual Summary 2016-2017

How are we implementing PBIS at our school in Tier I?

The Tiered Fidelity Inventory (our PBIS assessment) indicates that we are implementing all tiers of PBIS at or above the benchmark. We have identified items from each tier that we want to improve, and we have included them in our Action Plan at the end of this report. We want to include family members on our PBIS Tier I team.

What is our Office Discipline Referral rate?

Our referral rate was above the nation average the first part of the year. After we rethought expectations and were consistent with our acknowledgement and consequence systems, there was a decline in the average referrals per day. We ended the year at well below the national average for our size and level of school. We will celebrate this accomplishment with our students at our year end assembly on June 1 at 2:00 pm in the gym.

How is our attendance?

Last Year: 85.5% This Year: 93.5%

Our Attendance initiative is producing excellent results and we are working to continue to improve our attendance. Thanks to all our families for the help with this wonderful progress.

How effective are our Tier II interventions?

We provide interventions for students needing additional support. Our interventions of Check In Check Out, our Social Skills Groups and our Homework Club were successful this year. We have items in our Action Plan to improve the outcomes of the Anger Management group for next year.

Tier II Interventions	Success Rate
Check In Check Out	80%
Social Skills Groups	90%
Anger Management	33%
Homework Club	71%

Example School, 1642 Shasta Way, Cascade, OR 97400 541-001-1110

Example School, 1642 Shasta Way, Cascade, OR 97400 541-001-1110

How effective are our Tier III interventions?

We provide Tier III interventions for students needing individualized supports. Our Behavior Support Plans and the Attendance Initiative intervention have been successful. We want to improve the outcomes of our Wraparound program which is included in our Action Plan.

Intervention	# of Students	# of Students Meeting Goal	% Successful
Behavior Support Plans	5	4	80%
Wraparound	3	1	33%
Attendance Initiative	2	2	100%

How are we implementing all Tiers of PBIS at our school?

The graphs below show that we are above the benchmark (70%) in almost all areas. We are excited about our PBIS implementation and our Action Plan includes steps to help us sustain our program and continue to improve.

Our Action Plan for 2017-18:

1. We will expand our PBIS Team to include more representative teaching staff and will also include a family member. Our Tier I team will meet monthly, the third Wednesday of every month, alternating before and after school.
2. Change the format of the Anger Management group to assess the student needs and focus on specific social/emotional skills.
3. Review our Wraparound intervention and plan ways for the community partners to have more involvement.
4. Continue to sustain our strong PBIS implementation across all tiers, with our goal of helping all children to be successful.
